

Choir * Job Description

Choir membership carries with it a number of specific duties that include rehearsals, private preparation, and the anticipated commitment of singing at specific Masses during a calendar year.

Rehearsals

- It is expected that members to be on time and prepared for rehearsals. There will often be weekly evening rehearsals, usually on Wednesday or Thursday. Members should arrive early to properly warm up their voices for a rehearsal. If missing a rehearsal is unavoidable, a choir member should let the choir director know as soon as possible.

Preparation

- Choir membership typically requires additional practice time at home beyond rehearsals. Because the choir director selects music in advance of worship services, a choir member should obtain any sheet music and accompanying CDs early in order to practice at home prior to a rehearsal. Going over the music at home ensures rehearsals will run as efficiently as possible.

Participation

- Choir members are required to participate during predetermined Sunday worship services as well as special holiday performances.

Requirements

- A follower of Jesus Christ
- A beautiful solo voice is not necessary
- A willingness to participate as a team member
- Actively involved in the life of the parish
- Regular Mass attendance on Sunday/Holy Days
- Desire to lead the assembly in song as prayer
